Adjustment Range (Inches)

15-19

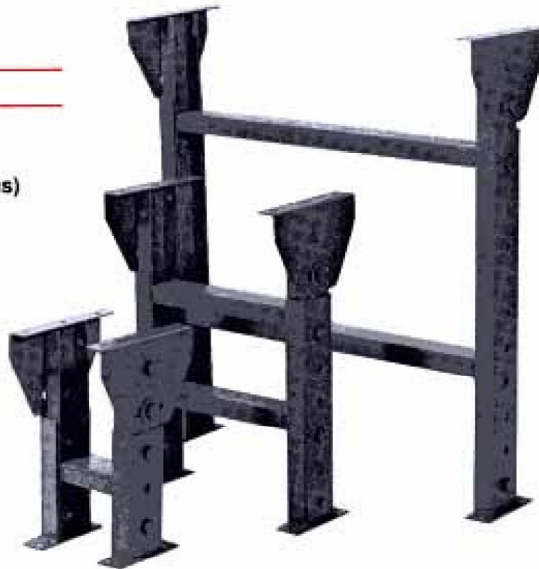

18-25

24-33

30-45

40-65

56-80

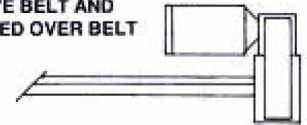

## CHOICE OF 8 MOTOR MOUNTS

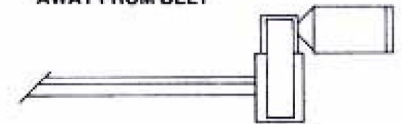

All motors are mounted on the left side (looking from motor end to tail end). If motor is required on the right side, add "R" to the designated motor mount letter code.

Example: For motor mounted "above belt and turned over belt" on the right side, designate AR.

**A** ABOVE BELT AND TURNED OVER BELT

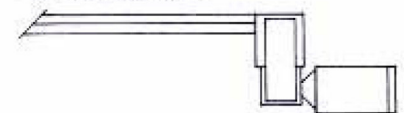

**B** ABOVE BELT AND TURNED AWAY FROM BELT

**C** BELOW BELT AND TURNED UNDER BELT

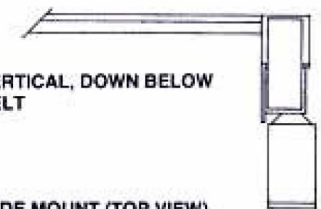

**D** BELOW BELT AND TURNED AWAY FROM BELT

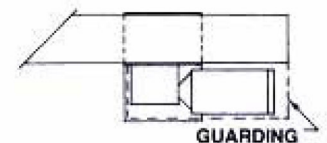

**E** VERTICAL, UP ABOVE BELT

**F** VERTICAL, DOWN BELOW BELT

**H** SIDE MOUNT (TOP VIEW)

**K** CENTER DRIVE, BELOW BELT
